## Ecotreats Wholesale

Karina is the owner of Ecotreats, a well-established cafe, which has been running for over 15 years in the Shuswap. Ecotreats has two locations and is now expanding with a sister company, Ecotreats Wholesale, which will market Ecotreat's delicious, certified gluten-free baking to cafes and restaurants across Canada.

All her life, Karina has found fulfillment in anticipating needs and making others happy, and she feels she can do just that by filling a niche in the gluten-free world which has, so far, been largely overlooked.
