

Sam Ward

Monster Designworks Inc

Monster Designworks Inc. is a family-owned innovative product design company creating and manufacturing high quality, high impact, long-lasting retail and promotional products from reused or reclaimed wood. They have also developed a line of cannabis smoking accessories. They manufacture everything locally, in Blind Bay.

Sam has designed each product in his line with waste and reusability taken into consideration. By doing this, he maximizes the material usage and reclaims revenue on what would be considered wastage.
